LIVING SKY SCHOOL DIVISION NO. 202

Board of Education – Organizational Meeting Action Item

Action Number: D.3

Date: November 12, 2025

ACTION

TO: Board of Trustees

FROM: Lisa Palmarin, Superintendent of Business

SUBJECT: Signing Officers

BACKGROUND:

In accordance with the Division's governance and accountability framework, all cheques and other financial instruments must be endorsed by two authorized signing officers. This practice safeguards the Division's financial integrity and ensures that expenditures are reviewed and approved at an appropriate level of authority.

The Division's accounting system currently generates cheques that bear the electronic signatures of the Board Chair and the Superintendent of Business, both recognized as authorized signing officers by prior Board resolution. This electronic process provides efficiency and consistency in payment execution while upholding the requirement for dual authorization.

To support operational effectiveness within modern financial systems, it is necessary to clarify and extend limited signing authority to the Accounting/Payroll Specialist. This designation is strictly for the purpose of:

- Enabling secure access to the Division's online banking platform; and
- Approving electronic transactions within the Payment Stream system.
 - This limited authority does not include the ability to sign cheques or other financial instruments. It is instead a functional control to facilitate workflow within the digital banking environment while maintaining rigorous safeguards, including:
 - Segregation of duties between authorization, payment processing, and record-keeping;
 - Dual-authorization requirements for all electronic transactions; and

- Controlled system permissions monitored by the Superintendent of Business.

This structure reflects current standards for financial governance in the public education sector and aligns with the Division's commitment to transparency, accountability, and sound fiscal stewardship.

Financial and Risk Implications

There are no financial costs associated with this authorization. The structure enhances operational efficiency and strengthens internal control through clarity of roles and accountability in electronic payment processes.

Recommendation

That the Board of Education authorize the following as signing officers for the Division:

- Board Chair
- Vice Chair
- Director of Education
- Superintendent of Business

Further, that the Accounting/Payroll Specialist be designated as a signing authority solely for the purpose of facilitating secure access to the Division's online banking platform and approving electronic transactions within the Payment Stream system, subject to all established internal control protocols.

Perform their official duties and arrange their private affairs in a manner that will bear the closest public scrutiny, an obligation that is not necessarily fully discharged by simply acting within the law.

d) Online Presence and Social Media

Be cognizant of how they conduct themselves online and ensure that their online activity, comments, and posts on social media are in line with the purpose and principles of this Policy. The online activities of a board member can dramatically affect the general public's perception of the Board, the Division and its employees, and the schools within the Division. [See Appendix E: Online Presence and Social Media Guidelines]

Failure of a board member to conduct themselves in compliance with this Policy may result in sanctions [See also Appendices A: The Code of Ethics and B: Code of Conduct Sanctions]

n) Conduct Towards Employees

Not direct employees or attempt to influence an employee's behaviour. Policies of the Board must be followed with respect to the supervision of employees. This involves professional skills and knowledge and is not within the expertise of the Board. Interference in employee issues, and sometimes even mere knowledge of facts, other than that which has been presented at the Board table, can lead to an allegation of bias against the Board. The Board is, generally, the ultimate decision-maker when it comes to employee discipline and termination and board members who become involved in or have knowledge of extraneous facts may have to excuse themselves from the decision-making process. Board members are also bound by the Board's policies and by legislation concerning harassment and discrimination. A board member who acts inappropriately towards an employee, whether or not it is during a board meeting, may expose the Board to liability, harassment complaint or an allegation of constructive dismissal.

Policy Oversight

The Audit Committee, in particular through its Chair, is responsible for implementing and enforcing this policy, with the support and assistance of the Board Secretary who maintains records and prompts consideration.

Appendix C to the Code of Conduct

CONFLICT OF INTEREST PROTOCOL

Purpose and Policy

This protocol is intended to preserve and promote the reputation of both the Living Sky School Board of Education and the individual school board members. It is inevitable that conflicts of interest and loyalty will arise from time to time. The purpose of this protocol is to give school board members a clear road map to follow to help to identify and track these inevitable situations. The main point is that conflicts are not the problem, they are unavoidable, it is undeclared or undisclosed conflicts that are a problem and should be avoided; disclosure is the key.

A conflict of interest arises when a board member has a private, financial, or material interest (for example, a transaction, contract, business opportunity, or employment) that the Living Sky School Board of Education also has a material interest in.

Board members should not have any private, financial, or material interest in contracts involving the Living Sky School Board of Education. If a board member violates this protocol they will be subject to a sanction.

A conflict of loyalty may arise when the interests of a board member have the potential to be at odds with the best interests of the Living Sky School Board of Education (i.e., a board member being an officer or employee of a major supplier, customer or stakeholder of the Living Sky School Board of Education, a board member having a material relationship with another Board member, a board member having a close affinity with a party that could benefit or suffer loss from a transaction being considered by the Living Sky School Board of Education)

- A conflict of loyalty does not exist only when interests are at odds, but when there is the potential for interests to be at odds.
- A conflict of loyalty exists in the context of the best interests of the organization. This means that it is not sufficient for the organization to benefit, but how the decision is made is also of importance. It is important that the decision is made by the right individual or group, in an objective and informed manner, and according to all policies of the organization.
- Board members are expected to follow the spirit and the intent of benefiting the organization, not just avoiding costs or losses to the organization.

Protocol Principles

In carrying out their duties, board members of Living Sky School Board of Education shall:

1. Private Interests

Disclose fully any private interests that could be affected by the Living Sky School Board of Education's actions or that could put the ethical practice of the Living Sky School Board of Education at risk.

2. Public Interest

Arrange their private affairs in a manner that will prevent real, potential or apparent conflicts of interest and loyalty from arising; but if such a conflict does arise between the private interests of an individual and the official duties and responsibilities of that individual, the conflict shall be disclosed and resolved in favour of the interest of the Living Sky School Board of Education.

3. Preferential Treatment

Not step out of their official roles to assist private entities or persons in their dealings with the Living Sky School Board of Education where this would result in preferential treatment to any person or organization.

Page 8 of 13

4. Gifts and Benefits

Not solicit or accept a transfer of economic benefit, other than incidental gifts, customary hospitality, or other benefits of nominal value (defined as less than \$100 per year) from persons, groups or organizations having, or likely to have, dealings with the Living Sky School Board of Education.

5. Insider Information

Not knowingly take advantage of, or benefit from, material information that is not generally available to the public that is obtained in the course of their official duties and responsibilities.

- Board members of the Living Sky School Board of Education must not use their position or influence to secure employment, funding or special treatment for family members or business associates.

Annual Declaration

Each board member shall annually (every 12 months) review and execute Appendix D: Annual Declaration of Potentially Conflicting Interests [Annual Declaration] to declare in writing the existence of any confirmed or potential conflicts of interest. If a Board member becomes aware of a potential or confirmed conflict, after execution of their most recent Annual Declaration, that Board member shall update their Annual Declaration at the next regular meeting of the Board.

Process

All activities involving business, commercial or financial interests, whether potential or apparent, which may conflict with the interest of the Living Sky School Board of Education or the duties of the individual, must be promptly disclosed to the Living Sky School Board of Education.

In the case of a direct pecuniary conflict of interest, this must be treated as below; in the case of a potential or perceived conflict of loyalty, the Chair [Vice-Chair or Designate in the case of a breach involving the Board or Vice Chair] must rule on whether this should be treated as below, and the Chair [Vice-Chair or Designate in the case of a breach involving the Board or Vice Chair] may consult with the Audit Committee and/or legal counsel in reaching this ruling.

Subject to the following, conflicted board member shall refrain from participating in the matter further, including not voting on the consideration or approval of any contract, grant, award, contribution, construction project or situation involving a conflict, whether potential or apparent, which includes their participation, directly or indirectly.

- Except as prescribed below, board members must not be involved in any business, commercial or financial transaction with the Living Sky School Board of Education other than as a recipient of a legitimate payment pursuant to the [Remuneration Schedule and Expense Guideline for School] board members, as periodically approved by the Board. Any board member seeking employment or involved in a remunerative relationship (i.e., business, commercial or financial transaction) with the Living Sky School Board of Education shall resign from the Board. No board member shall hold a seat on the Board while employed by the Living Sky School Board of Education at the same time.
- A board member may seek a remunerative relationship with the Living Sky School Board of Education, without having to resign from the Board, if the remunerative relationship is for goods and services and:
 - a) The goods and services are not readily obtainable from other persons in the [ABC] school division;
 - b) The price of goods and services to be obtained is reasonable; and

- c) Every member of the Living Sky School Board of Education eligible to vote at a meeting, votes in favour of the employment or the remunerative relationship.

The Audit Committee, in particular through its Chair, is responsible for implementing and enforcing this protocol, with the support and assistance of the Board Secretary who maintains records and prompts consideration.

Review: Annually by the Audit Committee.

ONLINE PRESENCE AND SOCIAL MEDIA GUIDELINES

Background

This Online Presence and Social Media Guidelines is developed in accordance with section d of the Code of Conduct Policy and refers to online and social media tools used to produce, post and interact, text, and/or share images, video, and audio.

Purpose

For the purposes of these Guidelines, social media refers to all public use sites. The purpose of these Guidelines is to set the direction for the Living Sky School Board of Education Members when utilizing social media. Board Members are expected to use good judgment, just as they would if they were offline and dealing with members and the public. The Guidelines are designed to encourage appropriate and effective use of all platforms and provide tips to exercise personal responsibility online and to make sure that social media users connected to the Living Sky School Board of Education are making good decisions that reflect positively on the Board as a whole.

Use of Social Media

The Board supports the use of social media for educational and communication purposes. Social media is intended to be a platform where your audience feels comfortable sharing and connecting.

Five Guidelines of Social Media:

1. Exercise Good Judgement

- Take responsibility for what you write while exercising good judgment and common sense.
- Adhere to the Board's Conduct Policy and organizational values and policies. Think twice before hitting "send" and consider how the comment will reflect on the Board.
- Spirited debates and conversations are acceptable as long as you are respecting others' opinions and keeping the Board's goals for communication in mind.
- There may be some circumstances where an official statement is needed. If you spot a potential issue, ensure it is brought forward in a timely manner to the Board so a proper response can be drafted and communicated quickly.

2. Consider Your Audience

- Think carefully about who you are targeting with your message – who will see it?
- Think twice before hitting "send" and consider how the comment will reflect on the Board.
- Make it part of your strategy to ensure you aren't alienating any groups or stakeholders.

3. Respect Copyrights

- Always ensure that people are given proper credit for their work.
- Make sure you have the right to use something before you publish it. This includes images, quotes, text etc. If you are using an image of an individual make sure they are aware.
- Respect copyrights, trademarks, rights of publicity and other third-party rights.

4. Protect Confidential and Proprietary Information

- Do not post private or confidential information about fellow trustees, employees or constituents. Do not discuss or post situations involving named, pictured or otherwise identifiable individuals without their permission. Personal information includes name, email, address, username (if it has the individual's name in it) etc.
- Do not post anything that you would not present in a public forum.

5. Add Value

- Social media pays off when you add value for your audience. Having a reason to communicate is important.
- Ensure the information you provide is accurate and worthwhile information that adds perspective.

Social Media Tips

- An active voice is better than a passive voice.
- Make it a goal to respond to all communications in a timely manner – within 24 hours if possible. Provide information when it counts - should you decide to engage in social media, know that monitoring and responding in a timely way are crucial. Social media participants expect timely responses to requests and expect co-participants to monitor social media properties frequently and regularly.
- If you feel something is spam or inappropriate for the audience, you have the right to remove it.
- Remember what is published online remains there forever.
- You don't need to respond to every criticism. Pick your battles and be considerate! Refer questions to the proper channels – you may not have all the answers, and that's OK. Just have the proper channel, link, or contact information to direct them to.
- Give credit where credit is due - be authentic. Write as an extension of your own voice. If your voice differs from that of the Board you should clearly state that "the following views expressed are my own".
- When in doubt, do not post – like staff, elected officials have an obligation to ensure their posts are accurate and not misleading, and that they do not reveal confidential information.

Social media needs maintenance. If you start it, commit to it - be dynamic: update news feeds, post developments, and upload new pictures. Social media participants are savvy; if your online property appears static, it is likely to quickly fall into disuse.
