### INDEPENDENT AUDITORS' REPORT

To the Chairman and Board Members of  
Living Sky School Division No. 202

#### *Report on the Financial Statements*

We have audited the accompanying financial statements of Living Sky School Division No. 202, which comprise the statement of financial position as at August 31, 2011, and the statements of operations and accumulated surplus (deficit), changes in net financial assets (net debt) and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Opinion*

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Living Sky School Division No. 202 as at August 31, 2011, and the results of its operations, change in net financial assets (net debt) and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

**Living Sky School Division No. 202**  
**Notes to the Financial Statements**  
**As at August 31, 2011**

**1. AUTHORITY AND PURPOSE**

The School Division operates under the authority of *The Education Act, 1995* of Saskatchewan as a corporation under the name of "The Board of Education of the Living Sky School Division No. 202" and operates as "the Living Sky School Division No. 202". The School Division provides education services to residents within its geographic region and is governed by an elected board of trustees.

The School Division is funded mainly by grants from the Government of Saskatchewan and a levy on the property assessment included in the School Division's boundaries at mill rates determined by the provincial government. The School Division is exempt from income tax and is a registered charity under the *Income Tax Act*.

**2. SIGNIFICANT ACCOUNTING POLICIES**

These financial statements have been prepared in accordance with Canadian public sector accounting standards for other government organizations as established by the Public Sector Accounting Board (PSAB) and as published by the Canadian Institute of Chartered Accountants (CICA).

Significant aspects of the accounting policies adopted by the School Division are as follows:

**a) Reporting Entity**

The financial statements include all of the assets, liabilities, revenues and expenses of the School Division reporting entity. The School Division reporting entity is comprised of all the organizations which are controlled by the School Division.

**b) Basis of Accounting**

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they are earned and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay. Expenses also include the amortization of tangible capital assets.

**c) Measurement Uncertainty and the Use of Estimates**

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year.

Measurement uncertainty that may be material to these financial statements exists for:

- The liability for employee future benefits of \$659,000 (2010: \$593,400) because actual experience may differ significantly from actuarial estimations.
- Property taxation revenue of \$21,150,465 (2010: \$21,247,897) because final tax assessments may differ from initial estimates.
- Uncollectible taxes of \$341,407 (2010: \$341,407) because actual collectability may differ from initial estimates.
- Useful lives of tangible capital assets and related amortization of \$2,134,727 (2010: \$2,073,070).

**Living Sky School Division No. 202**  
**Notes to the Financial Statements**  
**As at August 31, 2011**

These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

While best estimates are used for reporting items subject to measurement uncertainty, it is reasonably possible that changes in future conditions, occurring within one fiscal year, could require material changes in the amounts recognized or disclosed.

**d) Financial Instruments**

Financial instruments include cash, short-term investments, accounts receivable, investments, bank indebtedness, accounts payable and accrued liabilities, long-term debt and other liabilities. Except as otherwise disclosed, the School Division is not exposed to significant interest, currency or credit risk arising from these financial instruments that may affect the amount, timing and certainty of future cash flows. The School Division is exposed to credit risk from the potential non-payment of accounts receivable. However, the majority of the receivables are from local, provincial and federal governments, and therefore, the credit risk is minimal.

**e) Financial Assets**

Financial assets are assets that could be used to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations. Valuation allowances are used where considered necessary to reduce the amounts reported for financial assets to their net realizable value.

**Cash and Cash Equivalents** consist of cash and bank deposits.

**Short-term Investments** consist of highly liquid securities made to obtain a return on a temporary basis with maturity terms between three months and one year. Short-term investments are recorded at the lower of cost or market.

**Accounts Receivable** includes taxes receivable, provincial grants receivable and other receivables. Taxes receivable represent education property taxes assessed or estimated owing to the end of the fiscal period but not yet received. The allowance for uncollected taxes is a valuation allowance used to reduce the amount reported for taxes receivable to the estimated net recoverable amount. The allowance represents management's estimate of the amount of taxes that will not be collected taking into consideration prior years' tax collections and information provided by municipalities regarding collectability of outstanding balances. Provincial grants receivable represent operating, capital, and other grants earned but not received at the end of the fiscal year, provided reasonable estimates of the amounts can be made. Grants are earned when the events giving rise to the grant have occurred, the grant is authorized and any eligibility criteria have been met. Other receivables are recorded at cost less valuation allowances. These allowances are recorded where collectability is considered doubtful.

**Long-term Investments** consist of guaranteed investment certificates and are carried at cost. Where there has been a permanent impairment in value of a long-term investment, the investment is written down to reflect the loss in value.

**Living Sky School Division No. 202**  
**Notes to the Financial Statements**  
**As at August 31, 2011**

**f) Non-Financial Assets**

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the School Division unless they are sold.

**Tangible Capital Assets** have useful lives extending beyond the accounting period, are used by the School Division to provide services to the public and are not intended for sale in the ordinary course of operations. Tangible capital assets include land, buildings, school buses, other vehicles, furniture and equipment, computer hardware and software, and assets under construction. Tangible capital assets are recorded at cost and include all costs directly attributable to the acquisition, design, construction, development, installation and betterment of the tangible capital asset. The School Division does not capitalize interest incurred while a tangible capital asset is under construction.

The cost of depreciable tangible capital assets, net of any residual value, is amortized on a straight line basis over their estimated useful lives as follows:

|                                                                          |          |

**Prepaid Expenses** are prepaid amounts for goods or services such as, Saskatchewan School Board Association fees, legal fees and insurance, which will provide economic benefits in one or more future periods.

**g) Liabilities**

Liabilities are present obligations arising from transactions and events occurring prior to year-end, which will be satisfied in the future through the use of assets or another form of economic settlement.

**Accounts Payable and Accrued Liabilities** include accounts payable and accrued liabilities owing to third parties and employees for work performed, goods supplied and services rendered, but not yet paid, at the end of the fiscal period. Amounts are payable within one year.

**Long-term Debt** is comprised of capital loans with initial maturities of more than one year and is incurred for the purpose of financing capital expenditures in accordance with the provisions of *The Education Act, 1995*.

**Liability for Employee Future Benefits** represent post-employment and compensated absence benefits that accrue to the School Division's employees. The cost of these benefits is recorded as the benefits are earned by employees. The liability relating to these benefits is actuarially determined using the projected benefit method pro-rated on service and management's best estimate of expected discount rate, inflation, salary escalation, termination and retirement rates and mortality. Actuarial gains and losses are amortized on a straight line basis over the expected average remaining service life of the related

employee groups. Actuarial valuations are performed periodically. An actuary extrapolates these valuations when a valuation is not done in the current fiscal year.

Recognition of employee future benefits obligations commenced on September 1, 2008. The School Division recorded the full value of the obligation related to these benefits for employees' past service at this time.

**Deferred revenue** represents revenue received pursuant to legislation, regulation or agreement that may only be used for specific purposes. Revenue is recognized in the fiscal year in which the resources are used for the purpose specified.

**h) Employee Pension Plans**

Employees of the School Division participate in the following pension plans:

**Multi-Employer Defined Benefit Plans**

The School Division's employees participate in one of the following multi-employer defined benefit plans:

- i) Teachers participate in the retirement plan of the Saskatchewan Teachers' Retirement Plan (STRP) or Saskatchewan Teachers' Superannuation Plan (STSP). The School Division's obligation for these plans is limited to collecting and remitting contributions of the employees at rates determined by the plans.
- ii) Other employees participate in the Municipal Employees' Pension Plan (MEPP). In accordance with PSAB, the plan is accounted for as a defined contribution plan whereby the School Division's contributions are expensed when due.

**i) Revenue Recognition**

Revenues are recognized in the year they are earned provided the amount to be received can be reasonably estimated and collection is reasonably assured.

Restricted revenues are amounts received pursuant to legislation, regulation or agreements with external parties that may only be used in the conduct of certain programs or in the delivery of specific services and transactions. Restricted revenues are initially recorded as deferred revenue and subsequently recognized as revenue in the fiscal year the related expenses are incurred or services are performed.

The School Division's two major sources of revenues are provincial grants and property taxation.

**i) Provincial grants:**

Provincial grants are recognized in the financial statements in the period which the events giving rise to the grant occur provided the grant is authorized, eligibility criteria are met, and a reasonable estimate of the amount can be made. Grants that restrict how those resources are to be used are recognized as revenue in the fiscal year the related expenses are incurred or services are performed. Provincial operating grants are recognized on a 12 month basis with 1/12<sup>th</sup> of the grant recognized as revenue each month. Capital grants are recognized over the course of the construction project as the entitlement to the grant is earned and the amount is measurable. Restricted grants received, but not yet earned, are recorded as deferred revenue.

**Notes to the Financial Statements**  
**As at August 31, 2011**

ii) **Property taxation:**

Property tax is levied and collected on a calendar year basis. Effective the 2009 calendar year, uniform education property tax mill rates are set by the Province. Prior to 2009, each School Division set the education property tax mill rate for properties in its jurisdiction. Tax revenues are recognized on the basis of time with 1/12<sup>th</sup> of estimated total tax revenue recorded in each month of the School Division's fiscal year. The tax revenue for the September to December portion of the fiscal year is based on the actual amounts reported by the municipalities for the calendar taxation year. For the January to August portion of its fiscal year, the School Division estimates tax revenue based on estimate information provided by municipalities who levy and collect the property tax on behalf of the School Division. The final annual taxation amounts are reported to the School Division by each municipality following the conclusion of each calendar taxation year, and any difference between final amounts and the School Division's estimates is recorded as an adjustment to revenue in the next fiscal year.

Tuition fee revenue and other services revenue are recognized when the service is provided.

**3. SHORT-TERM INVESTMENTS**

Short-term investments consist of term deposits, and marketable securities with maturities between three months and one year. Due to the short-term nature of the investments, market value approximates cost.

**4. ACCOUNTS RECEIVABLE**

All accounts receivable presented in the Statement of Financial Position are net of any valuation allowances for doubtful accounts. Details of account receivable balances and allowances are as follows:

**6. BANK INDEBTEDNESS**

The School Division has a demand operating line of credit with a maximum borrowing limit of \$ 10,000,000 that bears interest at Bank prime rate less .50% per annum. This line of credit is authorized by a borrowing resolution by the Board of Education and is secured by Provincial Grant receipts. This line of credit was approved by the Minister of Education on October 29, 2010. There was no balance outstanding on the line of credit at August 31, 2011 or August 31, 2010.

**9. LIABILITY FOR EMPLOYEE FUTURE BENEFITS**

The School Division provides certain post-employment and compensated absence benefits to its employees. These benefits include: non vested sick leave payout, retirement gratuity, paid time off benefit, vested sick leave payout, and vacation payout. In order to calculate the actuarial liability and estimated future cost of the various benefits, it is necessary to make assumptions about the plan's future experience. The assumptions are intended to reflect the anticipated long-term future experience of the plan. Demographic assumptions, those that predict future employee behaviour, have been harmonized where possible with the pension plan that employees belong to. Assumptions regarding the buildup and usage of certain benefits have been developed based on the experience of the employees noted in the data submitted by the School Divisions, supplemented where required by experience for other organizations with similar programs. The discount rate has been determined based on Province of Saskatchewan borrowing costs for durations similar to the benefit obligation, provided by the Ministry of Finance. Experience emerging under the plan that differs from that assumed would produce actuarial gains or losses, which will be revealed in subsequent actuarial valuations. The liability associated with these benefits is calculated as the present value of expected future payments pro-rated for service and is recorded as Liability for Employee Future Benefits in the Statement of Financial Position.

Details of the liability for employee future benefits are as follows:

|                                                 | 2011       | 2010       |

**11. ACCUMULATED SURPLUS**

Accumulated Surplus represents the financial assets and non-financial assets of the School Division less liabilities. This represents the accumulated balance of net surplus arising from the operations of the School Division and school generated funds.

Certain amounts of the Accumulated Surplus, as approved by the board of education, have been designated for specific future purposes. These internally restricted amounts are included in the Accumulated Surplus presented in the Statement of Financial Position. The School Division does not maintain separate bank accounts for the internally restricted amounts.

Details of accumulated surplus are as follows:

S.286 Pre-April 2009 Capital Reserves from Prior Years' Operating Surpluses represents capital reserves that were created by pre-April 2009 Board of Education motions that designated certain prior years' operating surpluses to be set aside for the purpose of future capital expenditures. Pursuant to S.286 of *The Education Act, 1995* the School Division is required to hold these reserves as a special fund for the purpose of constructing or acquiring any capital works that may be approved by the minister. These reserves were used during the year to fund two capital projects, the maintenance shop/bus garage and Hafford School renovations.

**13. EXTERNAL SERVICES**

External services represent those services and programs that are outside of the School Division's learning/learning support and complementary programs. These services have no direct link to the delivery of the School Division's K-12 programs nor do they directly enhance the School Division's ability to deliver its K-12 programs.

Following is a summary of the revenue and expenses of the External Services programs operated by the School Division in 2011:

**15. SUBSEQUENT EVENTS**

Teachers' 2010-13 Provincial Collective Bargaining Agreement

The Saskatchewan Teachers' Provincial Collective bargaining Agreement expired on August 31, 2010. The Saskatchewan Teachers' Federation (STF) and the Government Trustee Bargaining Committee (GTBC) reached a new collective agreement which was ratified on October 4, 2011 and covers the period September 1, 2010 to August 31, 2013. The new agreement provides for retroactive wage increases for teachers of the School Division for the period September 1, 2010 to August 31, 2011 with an estimated cost of \$738,548 which was recorded as an expense in the 2010-11 financial statement. The agreement provides for further wage increases in 2011-12 and 2012-13.

Property Tax reconciliation

The Ministry of Education tax reconciliation for December 31, 2010 was received on November 7, 2011. The Ministry will provide a grant adjustment for the difference between their reconciliation and the amount of tax revenue estimated on budget day in March 2010. The reconciliation shows a grant to the School Division of \$2,495,077 which will be recorded as revenue in the 2011-12 financial statements.

**16. RELATED PARTIES**

These financial statements include transactions with related parties. The School Division is related to all Province of Saskatchewan ministries, agencies, boards, school divisions, health authorities, colleges, and crown corporations under the common control of the Government of Saskatchewan. The School Division is also related to non-crown enterprises that the Government jointly controls or significantly influences. In addition, the School Division is related to other non-government organizations by virtue of its economic interest in these organizations.

**a) Related Party Transactions:**

Transactions with these related parties are in the normal course of operations. Amounts due to or from and the recorded amounts of transactions resulting from these transactions are included in the financial statements and the table below. They are recorded at exchange amounts which approximate prevailing market rates charged by those organizations and are settled on normal trade terms.

In addition, the School Division pays Provincial Sales Tax to the Saskatchewan Ministry of Finance on all its taxable purchases and customer sales on items that are deemed taxable. Taxes paid are recorded as part of the cost of those purchases.

**b) Ministry of Education Capital Transfers:**

The Ministry of Education has approved \$986,213 (2010: \$2,294,696) in capital transfers to the School Division for projects in which construction has not yet started and/or been completed. Approved capital transfers that have not yet been reflected in the financial statements of the School Division are as follows:

|                                                         | 2011              | 2012              |

| Total Ministry Obligation at August 31                  | \$ 986,213        | \$ 2,294,696      |
| Less: Revenue reported in the financial statements      | 708,095           | 1,391,302         |
| <b>Unrecorded balance of approved capital transfers</b> | <b>\$ 278,118</b> | <b>\$ 903,394</b> |

In March 2011, PSAB issued revised section PS 3410 Government Transfers. Revised PS 3410 provides revised guidance for the recognition of government transfers and is effective for fiscal years beginning on or after April 1, 2012 (earlier adoption is encouraged), and may affect the future accounting treatment for these capital transfers to school divisions.

Other transactions with related parties and amounts due to/from them are described separately in the financial statements or notes thereto.

**17. PENSION PLANS**

**Multi-Employer Defined Benefit Plans**

Information on the multi-employer pension plans to which the School Division contributes is as follows:

- i) Saskatchewan Teachers' Retirement Plan (STRP) or Saskatchewan Teachers' Superannuation Plan (STSP):

The STRP and STSP provide retirement benefits based on length of service and pensionable earnings.

The STRP and STSP are funded by contributions by the participating employee members and the Government of Saskatchewan. The School Division's obligation to the STRP and STSP is limited to collecting and remitting contributions of the employees at rates determined by the plans. Accordingly, these financial statements do not include any expense for employer contributions to these plans. Net pension assets or liabilities for these plans are not reflected in these financial statements as ultimate responsibility for retirement benefits rests with the Saskatchewan Teachers' Federation for the STRP and with the Government of Saskatchewan for the STSP.

**Notes to the Financial Statements**  
**As at August 31, 2011**

Details of the contributions to these plans for the School Division's employees are as follows:

ii) **Municipal Employees' Pension Plan (MEPP)**

The MEPP provides retirement benefits based on length of service and pensionable earnings.

The MEPP is funded by employer and employee contributions at rates set by the Municipal Employees' Pension Commission.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. Any actuarially determined deficiency is the responsibility of the participating employers and employees which could affect future contribution rates and/or benefits.

The contributions to the MEPP by the participating employers are not segregated in separate accounts or restricted to provide benefits to the employees of a particular employer. As a result, individual employers are not able to identify their share of the underlying assets and liabilities, and the net pension assets or liabilities for this plan are not recognized in these financial statements. In accordance with PSAB requirements, the plan is accounted for as a defined contribution plan whereby the School Division's contributions are expensed when due.

Details of the MEPP are as follows:

|                                                          | 2011         | 2010         |

**18. CONTRACTUAL OBLIGATIONS AND COMMITMENTS**

Significant contractual obligations and commitments of the School Division are as follows:

- Construction contract for office addition in the amount of \$1,292,130 over two (2) years
- Construction contract for maintenance shops and bus garage addition in the amount of \$3,295,832 over two (2) years.

**19. BUDGET AMOUNTS**

The budget figures included in the financial statements were approved by the Board of Education on June 09, 2010 and the Minister of Education on August 31, 2010.

2011 Budget amounts have been reclassified between Revenue categories for Grants and Complimentary Services and Expense categories for Instruction and Complimentary Services to conform to the revised financial statement format.

**20. COMPARATIVE INFORMATION**

Certain comparative figures have been reclassified to conform to the current year's presentation.
